## GRAZEL

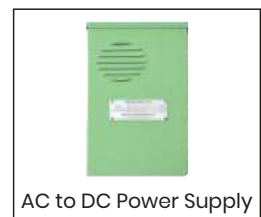

|                             |   |                          |
|-----------------------------|---|--------------------------|
| Description                 | • | Linear Light RGB         |
| IP Rated                    | • | IP66                     |
| Input Voltage to the Lights | • | 24 V DC                  |
| Max. Power                  | • | 25W                      |
| Input Voltage to the Driver | • | 240 V AC 50Hz            |
| Available Beam Angle Optics | • | 15° (10,25,30,19° x 30°) |
| CCT                         | • | RGB/RGBW                 |
| DMX-control-channels-       | • | 0:100%                   |
| Interface                   | • | DMX                      |
| Efficacy                    | • | >0.9                     |
| Mains connection            | • | through power cable      |
| Data connection             | • | through DMX cable        |
| Operation temperature       | • | -20°C-70°C               |
| Housing material ten watt   | • | Extruded aluminium       |
| Housing color               | • | Gray Black               |
| Dimensions                  | • | 915 x 62 x 84 mm         |
| Weight                      | • | 3.6 kg                   |
